

Location: Nusa Penida
Reference: I4

Nusa Penida is situated to the south of Bali and it offers one of the best dives in Bali. Divers can depart from Sanur Beach for day dives or find shelter at the neighboring island of Lembongan.

HIGHLIGHTS

At Crystal Point, braving the cold waters and strong currents, divers from all corners of the world will be able to come close to the curious and otherwise very rare oceanic sunfish or Mola Mola, which comes close to the reef to visit "cleaner stations". Mantas can also be found at Manta Point north from Nusa Penida.
